

LYNCHING RECORD SHOWS ONLY ONE IN KENTUCKY

Through Lynchings Increased By Two In Nation This Year Kentucky Had But One.

According to the records compiled by the Tuskegee Institute by the department of records and research, H. Work, in charge, there were 72 instances in which officers of the law prevented lynchings. Of these 2 were in Northern states and 44 in Southern states. In 1920 there were 56 such instances, 46 in Southern and 10 in Northern states. In 66 of the cases, the prisoners were removed, or the guards were augmented, or other precautions taken. In 6 instances, armed force was used to repel the would-be lynchers. Concerning the cases of lynchings, there were 19 instances in which prisoners were taken from the jail and 16 instances in which, before reaching a jail, they were taken from officers of the law.

There were 63 persons lynched in 1921. Of these, 62 were in the South and one in the North. This is two more than the number, 61 for the year 1920. Of those lynched 59 were negroes and 4 were whites. Two of those put to death were negro women. Nine, or less than one-third of those put to death, were charged with rape or attempted rape. Four of the victims were burned to death. Three were put to death and then their bodies were burned. The charges against those burned to death were: murder, 2; rape and murder, 2.

The offenses charged against the whites were: murder, 3; rape, 1. One of the women put to death was charged with assisting man to escape who had killed an officer of the law. The other was charged with inciting racial troubles. The offenses charged against the negro men were: murder, 11; attempted murder, 3; rape, 15; attempted rape, 3; killing men in altercation, 4; no special charge, 3; warning men, 4; furnishing ammunition to man resisting arrest, 2; leaders in race clash, 2; charge not reported, 3; assisting man to escape who had killed an officer of law, 1; making improper remarks to woman, 1; threatening to kill another, 1; entering young woman's room, 1; insulting woman, 1; writing note to woman, 1; attacking a man and woman, 1.

The states in which lynchings occurred and the number in each state are as follows: Alabama, 2; Arkansas, 6; Florida, 5; Georgia, 11; Kentucky, 1; Louisiana, 5; Mississippi, 14; Missouri, 1; North Carolina, 4; South Carolina, 5; Tennessee, 1; Texas, 7; Virginia, 1.

FORMER MAYSVILLIAN GETS IMPORTANT APPOINTMENT

Mr. Strode L. Blythe, Formerly of Maysville, Is Named City Sheriff in Cincinnati.

The many local friends of Mr. Strode L. Blythe, native of Maysville, and a brother to Councilman Pearl Blythe, will be glad to know of his political success in the city of Cincinnati.

It has just become known that Mr. Blythe has been appointed by the Republican administration of the Queen City as City Sheriff for the next term of four years and the Maysville man will take charge of his office the first of the new year. This is one of the most important offices in the whole of the Cincinnati City Administration and Mr. Blythe was selected for his ability as an officer as demonstrated through long service, having held office in Cincinnati for the past twelve years.

During the Galvin administration Mr. Blythe was bailiff of the Criminal court and as such demonstrated abilities which assured the heads of the present administration that he would make a good first class city sheriff.

GRANNIS HAS NOT CONSIDERED RACE.

The Fleming Gazette says: Mr. Grannis, it is learned, has not authorized the use of his name as a candidate for Governor, but his friends may urge him to seriously consider the matter at the proper time. They feel he is qualified and suited for the position and that he could make a good race and command good support over the state.

When asked about the report, Mr. Grannis stated that he appreciated the mention of his name by his friends, but he had not given any serious consideration to becoming a candidate.

LEAF MEN TO ASK LOANS FROM BANKS AT CINCINNATI

Committee of Co-Operative Association Will Meet Thursday With Cincinnati Bankers in Attempt To Get aid to Finance Pool.

Lexington, Ky., Dec. 27.—Loans to the Burley Tobacco Growers' Co-operative Association by Cincinnati banks are to be sought at a conference of bankers and the pool finance and executive committees Thursday morning in Cincinnati.

Louisville banks promised to extend credits to the extent of \$1,500,000 at a conference several weeks ago and at least a similar sum is to be asked from the Cincinnati banks, it is believed.

The conference was arranged by Charles N. Manning, chairman of the committee which conferred with Louisville bankers and obtained assurance of loans from the War Finance Corporation before the burley pool became a reality.

Other members of the committee are J. C. Wilson of Louisville, W. C. Bassett of Lexington, and James McCleure of Paris.

The Executive Committee, which will transact the actual business with the bankers, is composed of James C. Stone of Lexington, Bush W. Allin of Harrodsburg, W. H. Shanks, of Standford, John B. Winn, of Versailles, J. N. Kehoe of Maysville and Judge Robert W. Bingham of Louisville.

JUDGE CURRAN TAKES BENCH ON MONDAY.

Very simple will be the induction of Judge-elect Harry C. Curran on Monday next. At 10 o'clock, in the council chamber, Judge Harry Purnell, a personal friend, will administer the personal oath of office and the court will then begin to function, if there are any cases coming before it. The new judge presiding over our municipal court is deeply sensible of the responsibility of his office and will endeavor to so the honor and majesty of the law require to serve faithfully and to uphold the honor and majesty to the law regardless of who it is convicted.

His humaneness will ever prompt him to exercise clemency when it is possible.

ELEVEN MARKETS IN BURLEY BELT ARE OPERATING.

Warehouses on eleven markets in the white burley belt are now operating and with the opening of the Maysville market next Tuesday there will be twelve sales. Markets selling are Huntington and Hurricane in West Virginia, Gallipolis and Batavia in Ohio, Covington, Lexington, Richmond, Danville and Horse Cave in Kentucky, Weston, Mo., and Madison, Ind. On these markets there are twenty houses selling tobacco.

ADDITIONAL TROOPS ARE SENT TO STRIKE ZONE

Governor Morrow Is Determined to Maintain Order in Newport, Two Additional Companies Sent.

Newport, Ky., Dec. 28.—Outstanding points of the Newport Rolling Mill strike situation Wednesday were: Announcement that more state troops are to be sent to Newport at once.

Suggestion of a basis of settlement which may open the way for successful negotiation between strikers and employers.

A point of additional interest was a statement by a union leader that I. W. W. emissaries had approached strike pickets recently.

Colonel H. H. Denhardt, military commander in Newport, said Governor Edwin P. Morrow told him over the 'phone late Tuesday he will send two additional companies of guardsmen to Newport, which will raise the force of about 200 men and 15 officers to about 330 officers and men.

These troops were expected Wednesday. One company was to come from Boneville, Ky., the colonel said. He did not know where the other company was from.

Colonel Denhardt announced the governor is determined to maintain order in Newport "if he has to put the entire county under martial law."

He said the governor is incensed over an attack Monday on two women leaving the Newport Rolling Mill after visiting their husbands employed there. In this attack Captain Roy Easley, of the troops, was injured while protecting them. A spike was hurled at him.

LIQUOR FATAL TO FOUR.

New York, Dec. 28.—A wood alcohol scare swept New York today, following four deaths caused by poison holiday liquor.

Two victims were blinded and two others were hovering between life and death after drinking bootleg intoxicants.

Warnings were issued that poison booze was in circulation, and the result was manifest in the decreased number of reservations made in places where the old year is kicked out and the new welcomed in with hilarity every New Year's Eve.

MAYSLEICK MASONIC LODGE ELECTS.

Charity Lodge, No. 279, F. & A. M. Mayslick, Ky., has elected the following officers: W. M.—E. F. McChord. S. W.—Harry Owens. J. W.—Spencer Willis. Treas.—D. A. Williams. Secretary—L. V. Weaver. S. D.—H. C. Powers. J. D.—C. A. Collins. Tyler—C. D. Lammundy.

ODD FELLOWS ELECT.

Dekalb Lodge No. 12, I. O. O. F., held its regular semi-annual election of officers Tuesday evening and it resulted as follows: Noble Grand—W. R. Smith. Vice Grand—Harry Crawford. Secretary—John W. Thompson. Treasurer—A. D. Cole. Real Estate Committee, — Dr. J. A. Dodson, W. R. Smith, and U. G. Bailey.

NOTICE OF MEETING.

STATE DEATH RATE FROM TUBERCULOSIS IS VERY HIGH

Only Three Other States in the Union With Higher Death Rates From Tuberculosis Census Shows.

Washington, Dec. 28.—Only three states have higher tuberculosis death rates than Kentucky—California, Colorado and Tennessee—and Kentucky has the highest death rate of any state from tuberculosis among negroes.

The average death rate from tuberculosis per hundred thousand of population in the total registration area of the United States as reported today by the Census Bureau is 114.2. In Colorado the rate is 225.4; in Tennessee, 164.6; in California, 159.6, and in Kentucky, 152.3. Four states, California, Colorado, Delaware and Rhode Island, have a higher death rate from tuberculosis than Kentucky has among its white population.

The records show that the death rate from tuberculosis in Kentucky is 130.3 per 100,000 among the whites and 363.8 among the negroes. Improvement is seen in the situation in Kentucky, however. The total death rate from tuberculosis in Kentucky was 199 per 100,000 of population in 1918, and it has now dropped to 152.9. For the whites the highest rate in recent years was 169.3 in 1918, and it is now 130.3. For the negroes the rate in 1917 was 486.1 per 100,000 and now it is down to 363.8.

POSSE AND HOUNDS HUNT YOUNG WIFE'S ASSAILANT

Armed Man Is Charged With Serious Offense of Attacking Young Woman—Bloodhounds on Trail.

Cincinnati, Ohio, Dec. 28.—Bloodhounds obtained from Loveland by Harry Butler, Lockland marshal, lost the trail of a negro who attacked Mrs. Nettie Griffin, 18, a bride of less than six months, near her home at Compton road and the Big Four R. R. Loveland, Tuesday night.

The dogs were not used in the man-hunt Wednesday. Butler, police of surrounding villages and posses of citizens are combing the territory thoroughly, however, for the suspect. A partial description of the assailant was given by Mrs. Griffin, who is believed to be in a serious condition.

Mrs. Griffin is employed at a bag manufacturing plant in Lockland. It had been the custom of her husband, John Griffin, employed in Elmwood Place, to meet her every night after work and escort her home. Tuesday night he was detained, and Mrs. Griffin started home alone. Not far from her home Mrs. Griffin was met by the negro who pressed a pistol against her side and forced her to accompany him into a field, according to reports to Marshal Butler.

GOVERNOR'S BALL AT COUNTRY CLUB TONIGHT.

DISTILLERY IS ROBBED BY ARMED BAND EARLY TODAY

Outlaws Rob Eminence Distillery of 235 Cases of Liquor and Make Their Escape in Motor Trucks Towards Louisville.

Eminence, Ky., Dec. 28.—More than 25 men, masked and armed, overpowered, bound, gagged and blindfolded, early today, five guards at the Green River distillery, owned by La Montagne Brothers, New York, and then broke into the free warehouse, robbing and taking away in large motor trucks 332 cases of whiskey, valued at about \$30,000.

This is the second time that the distillery has been robbed this year. Last May a band of whisky runners, presenting counterfeit permits, drove off with 1,400 cases. Less than 200 cases now are left in the warehouses.

At 1:20 o'clock today the bandits entered the office of the distillery at the entrance to the plant and overpowered T. W. Gividen of Newcastle and John Shay of Eminence, company guards. They then advanced to a shack adjoining the free warehouse, where three Government guards, J. H. Meredith of La Grange, James W. Eberbaker of Pleasantville and W. C. Hieatt of Smithfield, were seized. With guns to their heads and far outnumbered, the guards offered no resistance. Half an hour after the bandits left one of the guards managed to work free from his bonds and the police at Louisville, Shelbyville and Frankfort were notified. The trucks drove due south from Eminence in the direction of Shelbyville, which is on the road to Louisville.

OUR POLICY:

To support such measures as are unquestionably for the good of Mason County as an entire community, rather than such propositions as are in favor of the individual interest, or of one section as against another. And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

SAVING HABIT BECOMES A FASCINATION.

That the habit of saving money is one of the most, if not the most, important of all human habits, is the bold assertion of the editor of the Burlington (N. J.) Enterprise. He says that it is easy to start and that it soon becomes a fascination to the saver; it protects the home and the individual; it benefits the community and business; it helps make character; it gives a growing contentment to life; it builds respectability; it elevates and solidifies families; it makes for power and progress. No lesson, particularly at the moment when the resources of the world are largely impoverished, is more important to learn than the lesson of saving; saving not only money itself, but saving the various commodities which we use from day to day. It is often impossible for individuals or families to save steadily and all the time. Frequently people run into bad luck—loss of work, illness—which makes money saving impossible. But every normal man and woman does have the chance with reasonable regularity to lay by money for the future, and he who doesn't do it is foolish. He will pay for the neglect in bitterness of spirit a hundred times before he dies.

Men and women who invest their savings in Treasury Savings Certificates or deposit their money in Postal Savings are looking to the future. In case of emergency, Treasury Certificates can be converted into cash substantially on demand. Postal Savings, under the more liberal plans now being worked out by the Postmaster General, may be withdrawn without advance notice.

NEW ZEALAND HIKES TARIFF.

New Zealand is another country which is undertaking tariff revision, with protection in view. The new customs tariff proposed for New Zealand is constructed along lines similar to the revised tariff now in force in Australia. It is to consist of three scales of rates: General rates which apply to all foreign countries with which there is no special arrangement; preferential rates granted to goods originating in the United Kingdom; and intermediate rates which are to apply to goods from countries that may enter into negotiations with New Zealand for reciprocal tariff privileges. American products are to be subject to the general rates. An anti-dumping clause carrying a duty of 20 per cent will be imposed, directed in particular toward German goods. Inasmuch as this tariff will be adopted before the United States returns to its time-honored protective policy, no free trader can say that New Zealand is retaliating. We will be late in getting back to the protective basis, but we will stay there when protection is finally restored.

VETERANS' WAR RECORDS WILL BE PRESERVED

Final Tabulation of Kentuckians' Work in World Conflict Awaits Congressional Appropriation.

Washington, Dec. 27. — A detailed statement of the military service of every man from Kentucky who served in the world war will be made available in a comparatively short time, if congress, at the present session, will make the necessary appropriation so the adjutant general of the army may continue his work of tabulating these records. They would then be transmitted to the adjutant general of the state, just as those from other states would be transmitted, and the record of the individuals in the world war would be made permanent.

From the annual report of P. C. Harris, the adjutant general of the army, it is learned that his office was busily engaged in the task of preparing and preserving the individual records of all who served in the world war when the end of the fiscal year and the failure of congress to make further appropriation for the work stopped it in an incomplete state the

last of last June. Comparatively little of the work remained to be done at that time, but the lack of an appropriation for the purpose stopped the work.

PLUMVILLE.

MINNESOTA PLANS WINTER WORK TO RELIEVE JOBLESS

Winter Highway Program Is Developed By Northern State To Give
Give Relief to Unemployed
Of Its Territory.

As the result of the nation-wide efforts to do as much public work during the winter season as possible, Minnesota has informed the President's Conference on Unemployment of its winter highway work program designed to relieve idleness and to spread needed betterments throughout the state. This is in line with Secretary Hoover's declaration that much outdoor construction can be done during the colder months if properly planned in advance, and follows the lines laid down in Canada already, to relieve existing unemployment there.

Minnesota's outlay of \$2,500,000 calls for gravel surfacing, distribution of materials, rock crushing, and heavy excavating. Charles M. Babcock, State Highway Commissioner, wired to Colonel Arthur Woods, Chairman, Committee on Civic and Emergency Measures, that there will be jobs for 8,500 men. They will do 300 miles of graveling, 50 miles of grading, and 50 miles of paving.

"Sled hauling and frozen roads," said he in his telegram, "are big advantages and competition is now keen for winter contracts. In fact, half of our program has been contracted for at 1917 prices."

In Canada, where the winters are more severe than they are in even the northern portion of the United States, much outdoor winter work is done to relieve seasonal unemployment. Sled work in rock, tunneling, deep excavating, heavy cut, and fills, concrete construction, and construction work in swamp sections, are among the other activities of the winter.

"If Minnesota," said Colonel Woods, "whose average winter temperature are as low as any in the Union, can do highway construction in the winter months, then other states, more southerly, could go even further with a well considered highway program, in order to provide work for the jobless. The Canadian Employment Service reports that contractors are able to spread their fixed annual overhead charges over 12 months instead of 4."

this keeping their construction gangs together. Labor is more plentiful and cheaper in winter time, and men work faster, so that contractors make lower bids for winter construction. Stone quarries, and stone crushers can be kept going during the winter months and the distribution of material along highways to be constructed not only offers the advantages of sled transportation and keeps teams busy that would otherwise be idle, but it also enables construction work to start up earlier in the spring.

LACK OF FAITH IN BANKS ENDS IN \$29,000 LOSS

Ohio Herb Doctor's Savings Hoarded Away Would Have Netted \$1,740 Interest Annually.

In a recent issue the Washington Evening Star comments on the robbery of an eccentric herb doctor at Delta, Ohio, of \$29,000 which he carried in a pocketbook in preference to investing it in Government securities or depositing his money in a bank. This sum represented his lifetime savings.

That sort of reasoning has fortunately passed, and there are now comparatively few people who distrust banks and prefer to hoard their savings and carry them about personally

or hide them in cupboards and sugar bowls and behind loose bricks, and other similar places. Banks are recognized as much more secure than any "hiding hole" that can be found. The war did a good deal to bring the banks into use by the people. The sale of Government bonds through them set up a much more wholesome relationship. Great numbers of people found that secreted money was not really working after all, and that money is only useful when it is at work. That Delta doctor perhaps never figured out that if he loaned this money at 6 per cent, or bought first-class security at that rate, he would be \$1,740 to the good every year. Or, if he put it in the bank in a savings account at 3 per cent, his annual return would be \$870, compounding. In other words, he was losing at least \$870 a year whether he kept the money safely or not, losing it just as surely as though somebody had taken it from him. Now he has lost principle as well as interest.

500 FOWLS EXHIBITED AT LEXINGTON POULTRY SHOW.

Lexington, Ky., Dec. 27. — More than 500 birds have been entered in the first annual show of the Bluegrass Poultry Association which opened today. Some difficulty in keeping the fowls is being experienced as only about 400 entries were expected. Awards, which will be made Wednesday, will be made by W. Clayton Thomson, of Georgetown, Len Rawnsley, of Louisville, A. W. Haller, of Louisville, and J. R. Smith, of Lexington.

OHIO RIVER ISLANDS WET.

Louisville, Ky., Dec. 28. — Having received information that the islands of the Ohio River were far wetter than flood reports indicated, prohibition agent today seized a motorboat at Louisville and journeyed to the first house above water on Twelve Mile island where they said they found two complete stills, 400 gallons of mash and two men.

The men, William Ruter and Charles Mitchell, will appear before J. A. Craft, United States Commissioner, to explain why they were marooned in the same house with the two stills.

They are charged with violating the prohibition law.

AVERAGE HUMAN SHOULD LIVE HUNDRED YEARS, DOCTOR SAYS.

Louisville, Ky., Dec. 28. — Members of the Lions Club were told today at their luncheon that the average human being ought to live to reach the age of 100 years or more. This declaration was made by Dr. J. W. McCormack, one of the speakers.

Dr. McCormack, himself over 80 years old, urged that every one undergo an examination by a physician at least three times a year as a means of keeping "fit." Lack of knowledge of health rules, he said, "is largely responsible for the high mortality rate among young people."

The warrant against Albert Wallingford in Police Court was dismissed Wednesday afternoon for a lack of prosecution.

Good Bye 1921

It has been a year that none of us

will ever forget. Most of us wish

it's gone. We have all had our

perplexing problems to solve and

I'm still on the job with the same

smile. I've made lots of new friends

in old 1921 and I'm glad to say

have made some enemies. I don't

know about this. I think I'll just

but if I have 100 million dollars

am willing to do anything to

make amends.

As I grow older I notice things

are changing. People are getting

more tolerant, more understanding,

charitable, more tender.

Friends, it's a good thing that

all and these are glad to give

this opportunity to the

friends for their expressions of

will and patronage and

kindness may never grow

a farm, home or business

always ready to serve you.
